Eighty-Five Thousand Dollar Distribution of Furniture, Carpets, Rugs, Stoves and Home-Furnishings--Manufacturers Lose Their Nerve--The Public Benefits.

THE PUBLIC OF SAN JOSE AND THE ENTIRE STATE of CALIFORNIA and Adjacent Territory will again benefit by anvther Colossal Purchase which was recently made by the **CAMBERS-HAYES FURNITURE CO.,** amounting to an EIGHTY-FIVE THOUSAND DOLLARS' **worth of manufacturers' surplus stocks,** consisting of furniture, carpets, rugs, curtains, stoves, hammocks and household goods of every description. This is without question the greatest purchase that was ever made by any furniture establishment in the United States. The great sale given a year ago by the **CAMBERS-HAYES FURNITURE CO.** was a most **wonderful sale,** and a bargain-giving event that was the talk of the country for months thereafter. The sale this year involves a much greater purchase which was bought at practically **20 per cent less than the big manufacturers' purchase of a year ago.** It matters not how many hundred miles you reside from San Jose this will certainly be an opportunity for you to save from $25.00 to $250.00 in buying an outfit for your home. Never before in the history of furniture, carpet and stove buying have such low prices been quoted. Our reason for giving the public at large the benefit of our big purchase is, namely, to attract 10,000 new patrons to our establishment. During this sale, which will be the largest sale of **Furniture, carpets, rugs, stoves, etc.,** that was ever **given** in the **United States,** during the entire ten days sale all profits will be entirely swept away. It is our yearly offering to the people and we propose making it such a real sacrifice and bargain feast as will amaze the public. Even if you live at a distance of three hundred miles your Mail Orders will receive the same prompt attention as a visit from you in person. Understand, however. that all **Mail Orders must reach our establishment at San Jose not later than the morning of the 5th of May.** We hereby agree to **pay the freight on any purchase to any town or city within a radius of three hundred miles from San Jose,** Cal. Anything bought by Mail Orders will be packed carefully and shipped to you, packing and freight charges will be paid by us. This big Furniture, Rugs and Stove Sale presents an opportunity to those who are thrifty, to those to whom the saving of a dollar is equivalent to a dollar earned. The great values we gave one year ago were the sensation of the day, but we wish to go on record as saying that the sale this year, Our Second Annual Manufacturers Outlet Sale which **starts on Wednesday, April 27th, at 9 a. m.,** will make any and all other furniture sales pale into insignificance. It will be a bargain jubilee, and a furnitore feast for judicious buyers such as was never given before by any other establishment throughout the United States. The savings banks only pay three per cent on money. During this sale your money will practically earn from **30** to **40** per cent profit for you in the purchasing of Furniture, Carpets, Rugs, Stoves and Household needs. This will be a premier effort in value-giving of Furniture, Carpets, etc., such as the public will long remember. The Cambers-Hayes Co. Furniture Building is now closed in order to get this great volume of Home furnishings in readiness for a big opening day's sale. The store will remain **closed April 25th, on Monday, and Tuesday, April 26th.** The sale **starts** promptly on Wednesday morning. April 27th, at 9 o'clock. Be careful and be sure you find the right place and **look for the big green and white sign, reading CAMBERS-HAYES CO'S Manufacturers' Outlet Furniture Sale at 179-181 South First Street. Remember the opening date, which is April 27th, on Wednesday, at 9 a. m.** Be here on the opening day or one of the special ten day's sale, and secure your share of the many bargains offered. Prepare accordingly, and you will save many dollars ou Furniture, Carpets, Stoves, Rugs, Curtains and your household needs. **Remember that this sale only lasts ten days,** beginning on **Wednesday morning, April 27th, at 9 o'clock,** positively ending on Saturday night, May 7th. If you cannot come in person then send your order by mail which will receive our immediate attention. In justice to your pocket-book, don't miss this sale. **Such an opportunity is but seldom offered.**

NEW CITY COUNCIL BEGINS ITS WORK

Trustee George A. Merrill is Unanimosly Re-elected President.

An unusually large number of interested citizens attended the meeting of the Council Monday evening, the apparent attraction being the reorganization of the municipal machinery for the work of the next two years. Those who expected any particular ceremony were doomed to disappointment, as the businees to be completed before the final adjournment of the old Board occupied the time until a late hour and the seating of Trustee E. H. Sampson as the new member of the Board and the reelection of Trustee Merrill as the President followed with but little loss of time.

When the old Board was called to order all of the members were in their seats and answered present when Clerk Plump called the roll.

The regular monthly reports of the city officers were read and approved. The report of Clerk Plump showed that he had issued 20 Class A liquor licenses, which should net the city $2,500. The report of Marshal Christ showed that he had collected $605.18 for water rates, leaving a delinquency of but $36.00. According to the report there are but 28 vacant houses in town.

The report of Treasurer Towne on the general fund shows the receipts to have been as follows:

Water Collections	$ 605 18
Licenses	2748 00
Special Permits	5 00
Dog Licenses	6 00
Sewer connections	20 00
Water connections	20 00
Roller hire	21 50

The expenditures for the month were $1,568.99, leaving a balance of $6,670.84 on hand.

From the library fund the expenditures amounted to $104.00, leaving in the fund a balance of $900.23.

In a communication Court Madrone, Foresters of America, offered to sell as a site for the new City Hall their lot at the corner of Phelps and Maple streets for $3,250. The lot has a frontage of 70 feet on Phelps and a depth of 100 feet on Maple. The offer took its place on the file beside those previously submitted.

James Coleman, recently elected as Marshal, tendered his resignation as night watchman. On motion of Trustee Hynding the resignation was accepted and Mr. Coleman tendered the thanks of the Council for his efficient attention to his duties.

G. W. Lovie, on behalf of the Board of Trade, urged that the city assist in securing a complete enumeration of the population of the city, urging that it was of inportance to every interest that the city should have full credit for its inhabitants. The request was approved and the finance committee given authority to incur an expense of $25 in the necessary work.

The Anna Schellens' subdivision of lot 16 of the Wooster, Whitton & Montgomery subdivision, with the dedication of McKinley street was accepted. In this connection the Trustees expressed much regret that they were powerless to prevent the platting of these subdivisions with small lots and the resultant building of shacks.

A. P. Merrill was appointed a deputy superintendent of streets to superintend the Dingee Park street improvement at a salary of $3 per day.

A resolution was adopted providing that in the future all regular employees of the city shall be paid on the 1st of each month.

Street Superintendent Dickey was instructed to oil Rogers street, from Stafford to Arguello in order to relieve the residents of the excessive dust due to the heavy automobile travel.

Street Superintendent Dickey was also directed to report as to the cost of repairing and oiling Arguello, Mound and Jefferson streets.

The returns of the recent municipal election were canvassed and the results found to agree with the figures already announced.

The usual monthly list of claims was approved and ordered paid.

This completing all current business the Council, on motion of Trustee Brown, adjourned without date.

Immediately after the adjournment of the old Board Trustee Merrill invited Mr. Sampson to take the chair which had remained vacant since the resignation of Trustee Rice, and without further ceremony Clerk Plump proceeded to call the roll of the new Council, all the members responding. The certificates of election and oaths of office of Trustees C. J. Hynding and Edward H. Sampson, Clerk G. C. Plump, Treasurer F. K. Towne and Marshal James P. Coleman were presented by the Clerk.

When Clerk Plump called for nominations for president of the Board, Trustee Merrill made an effort to pass the honors along and promptly placed in nomination Trustee Brown. Mr. Merrill soon found that he was not to escape the duties which he had so acceptably filled during the past two years, for Mr. Brown as promptly declined the proffered honor and placed Mr. Merrill in nomination. The nomination was seconded by Trustee Beeger and the election was made unanimously.

In resuming the chair as its presiding officer, Mr. Merrill thanked the Council for its mark of confidence and promised again to devote all the time that possibly could be spared from his private interests to the conduct of public affairs and the advancement of the interests of the city.

The standing committees of the Council were then announced by Mayor Merrill as follows:

Finance (Auditing, Public Printing, etc.) Brown, Sampson, Hynding. Public works (Streets, Sewers, Parks, Buildings) Hynding, Beeger, Brown. Public Utilities (Water, Gas, Electric Lighting and Power, Telephones, railroads) Beeger, Sampson, Hynding. Health and Public Morals (Fire Department, Police, Theatres, Saloons, Sanitation, Education, Library, Playgrounds) Sampson, Beeger, Brown.

After announcing the personel of the committees, Mayor Merrill outlined a few of the matters which he considered urgently demanded the consideration of each. The Finance Committe should in his opinion give careful consideration to the assessment roll with a view to securing a complete new field assessment of the city. He urged that the Street Committee should take immediate steps to prosecute the work of street improvement in the central portion of the city which has been under consideration for some time. Upon the committee on public utilities devolves a thorough investigation of the water system with a view to stopping of the present losses from leakage and the introduction of a more modern system of accounts. The attention of the committee on public health and morals was especiall called to the creeks, with the suggestion that some means should be planned for improving sanitary conditions and relieving present unsightly appearances. At the same time he urged that this committee take up the problem of general sanitation and health conditions, with the suggestion that provision be made for hte appointment of a health officer and the securing of necessary appliances for the detection of contagious diserses.

Several other pertinent and timely suggestions for civic improvements were made. These included a park commission, which might plan for the improvement of public parks and the systematic ornamentation of streets. A plea was also made for the establishment of public play grounds, Mayor Merrill urging that if boys are to be kept from undesirable resorts they must be provided with attractive places of recreation.

Applications for the position of night watchman, vacated by Marshal Coleman, were filed by John Kerr, Edward Hogan and James J. Rogers. On the first ballot Rogers received three votes and was declared elected. Rogers immediately assumed his duties, but by the time day light arrived became convinced the new occupation was not to his liking and with an emphatic "never again" threw up the job. To fill this second vacancy a special meeting of the Board was held Tuesday evening and James McGlynn was selected for the place.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

If the census man don't find you, find the census man. It is important that every resident of Redwood City should be on the enumeration lists. If you think there is the slightest danger that you will be overlooked, phone or send a card to Geo. W. Lovie and he will see that the census taker is informed.

Why not take some method of supplying the Board of Trade with a substantial publicity fund? If this city would grow as it should, some means must be taken to make its advantages known to the world. To do this requires the expenditure of a considerable sum of money. There is no reason why a few merchants should be expected to bear the entire expense of a movement from which the entire community will derive profit.

Well Earned Recognition.

Members of the Board of Town Trustees paid Trustee George A. Merrill a well deserved compliment when they unanimously reelected him as its presiding officer for the next two years. During his incumbency Mr. Merrill has worked assiduously for the advancement of the interests of the city and has made an excellent and painstaking executive officer. During the past two years much has been accomplished for the commercial and civic improvement of the city, and for this every member of the Board is entitled to the thanks of the community, the only compensation, except the approval of their own consciences, which they can receive.

During the past two years the moral condition of the city has been brought up to a point where it compares at least favorably with that of any city in the State. Much has been accomplished in the way of public improvements, and there is now every prospect that the coming year will be one of marked prosperity.

Much of the same work which has confronted the Board during the past two years yet remains to be accomplished. That the desired work can be successfully achieved, the Trustees must have the hearty support of every good citizen. Not only must we cheerfully obey such laws as have been or in the future may be made, but all must be ready to assist in the actual work for betterment.

From Pomponia.

R. E. Steele, one of the most wealthy ranchers of the coast side, and sole owner of the Torque country, met with a very serious automobile mixup last Thursday. While returning from San Mateo to his home, and on reaching a certain point in the Long Bridge hill road, the chauffeur attempted to straddle a bad place in the road, and getting too close to the edge of the road the weight of the heavy machine caved away the bank on the down side. There was no time for the occupants to jump. After the machine had turned over five times it finally stopped at the foot of the hill about 75 yards from the road The five passengers were scattered from the edge of the road to where the machine stopped, all apparently dead but Mr. Steele who received but two scratches on the wrist of his only hand. The injured were immediately picked up and taken to the hotel at San Gregorio where Dr. Thompson attended them. Mr. F. H. Burk, of the firm of Madison & Burk, is suffering from four broken ribs and numerous other bruises. Mr. Lovet the chauffeur, had his back very badly wrenched. Mr. Coney, of Eureka, is suffering from a dislocated shoulder and Mr. Fitzgeareld of Los Angeles escaped with but a few scratches. It is hard yet to ascertain the extent of the injuries of the two most injured, Mr. Burke and Mr. Lovet. The machine was badly broken up.

The Pomponia road is beginning to loom up and if the good work keeps up we will have a road to be proud of. The fence along the rocky grade has been completed. Al Lee is still employed cutting brush on both sides of the road.

Sheriff Chatham was over for one night last week. He took away another large raccoon from the preserve. This time we hope he will land him safely in Redwood.

Between selling railroad tickets and watching off the mushroom pickers at Tonetious Glen the agent is kept very busy. He says he has charge of all the Ocean Shore properties including the manure dump.

Lenie Roe spent last Sunday on the Pomponia.

Joe Corea was made the happy father of a ten pound girl last Saturday morning.

The deer are already beginning to show themselves on the Pomponia preserve. Rabbits and quail are going to be very numerous this year.

Chatham Has Line on Bandits.

Acting upon a request form Chief Patrick J. Kindelon of the Southern Pacific secret service, Sheirff Chatham swooped down Tuesday afternoon on a deserted house about a quarter of a mile from the railroad in the vicinity of the Sixteen mile house south of San Francisco where two men answering the description of the train robbers were reported to be in hiding.

The raid upon the deserted ranch house was without results. No signs of life were found about the place, nor was there any indication that the dwelling had been occupied for some time past.

The message from Kindelon was received by Sheriff Chatham at Redwood City by telephone at 3:15 o'cloc'k. Kindelon said that he had received word that two men who fit the description of the fugitives had been seen in the deserted house near the Sixteen mile house and asked Chatham to investigate and report.

Chatham, District Attorney Joseph J. Bullock and Deputy Sheriff Chas. Long drove to San Mateo in Bullock's machine, where they picked up Chief of Police Maurice Boland of that city and then continued on to the Sixteen mile house. In the meantime Agent Madden of Kindelon's staff came to Redwood City and met Under Sheriff Frank Bartlett and the two proceeded to South San Francisco by train Both parties made a thorough search of the suspected house without results. Bullock, Chatham and Long returned to San Mateo late in the afternoon.

Chatham thinks the holdup men will pass through the county and is keeping a sharp look out for them.

REGULAR MEETING OF SUPERVISORS

Much Routine Business is Disposed of By the County Official Board.

The board of supervisors held a quiet session last Monday, transacting considerable routine business.

Hannah Williams of Colma was allowed aid in the sum of $8 per month for support of her half orphan schildren.

The H. S. Crocker Company of San Francisco sent a communication calling attention to the need of certain additional plastering in the new courthouse to facilate the installation of the furniture. The communication was accepted on motion of Blackburn, seconded by McEvoy, and will be taken up with the superintendent.

Ordinance No. 234, regulating the speed of automobiles through the county was declared legally published.

Blackburn suggested that the ordinance be posted at all post offices by the clerk, but he latter thought that was not a part of his duty and the matter was dropped.

McEvoy thought some drastic measure should be taken to enforce the ordinance. He suggested that field telephones be used and that gates be put upon the roads. In this way violators of the law could be apprehended. Other plans were offered but the board took no action.

The matter of awarding contract for a concrete culvert on the Middlefield road in the Third Road district was taken up. An affidavit was presented showing that the notice calling for bids had been published as required by law and the following bids were opened: H. B. Morey & Sons, Menlo Park, $543; extra concrete, per yard, $13.50; extra concrete, not reinforced, $9.45; work to be completed within fifteen days.

P. A. Roussel, Belmont, $535; no time specified for completion of contract and no estimate for extra concrete.

E. R. Mitchell, $580; extra concrete, per yard, $10; time for completion of contract, 20 days.

The bid of Mr. Roussel, not being in compliance with the call, was not considered. Francis moved that the contract be awarded to Morey & Sons, they being the lowest bidders. The motion was seconded by McEvoy and carried.

At the suggestion of the Chairman the protest of Walter Knight against A. J. Folger for maintaining an obstruction in front of his place at Woodside went over until the next meeting. Mr. McEvoy explained that Mr. Folger misunderstood the date of the meeting. The matter was set for this day.

Dr. W. G. Beattie was re-appointed County Health Officer for one year, his term having expired.

Superintendent Ford of the county farm reported having received from Dr. Cress of San Mateo an invalid chair. The donation was accepted with thanks on motion of Blackburn, seconded by McEvoy.

P. A. Roussel, as clerk of the board of trustees of the Belmont school district asked to be empowered to employ the county surveyor to make a survey of the school property at Belmont with a view to determine its exact boundaries. His request was granted on motion of Blackburn, seconded by McEvoy.

The clerk was directed to notify Phillips and Rainey to complete the work of cleaning and pointing the stone work of the court house in two weeks. Architect Allen presented a copy of the notice he sent the firm. In his judgment the work could be done in two weeks. If it is not done in that time the board will take it out of the hands of the firm. Phillips and Rainey did the stone work on the court house.

Mr. Allen also suggested that steps be taken to have the stonework of the basement cleaned and pointed, as that part of the building was not included in the Phillips & Rainey contract.

The petition of H. O. Heiner and others asking to have J. W. Coffroth's license revoked was dismissed. The petition was filed last October.

The application of the Mission Athletic Club for a permit to conduct boxing contests at Colma was taken up. D. D. Kearns, one of the directors, made a strong plea on behalf of the sclub, agreeing to comply with the law in every particular. He only wanted the same recognition accorded him that was given other clubs doing business in the county. Blackburn moved that the permit be granted and the motion was seconded by Frances. The motion was lost on roll call, Casey, McEvoy and Coleman voting no. Coleman explained his vote by saying that the District Attorney at a former meeting advised the board that no more prize fights would be held in the county. Blackburn said he voted for the club for he did not want one organization to have a monopoly of boxing contests in the county.

District Attorney Bullock stated that after investigation he had concluded that it was not advisable to commence suit against the Empire State Surety Company as surety for C. F. Pierce on account of the failure of the latter to properly complete his contract to do certain roadwork in the Third road district. If, however, the board thought that a suit might be successfully prosecuted they might employ an attorney who would be paid by Mr. Bullock, should he secure a verdict for the county.

Mr. Bullock also informed the board that Albert Elkerenkotter, the former superintendent of the county farm, had promised to pay his indebtedness of $17.50 to the county by the first of the month. It would therefore not be necessary to commence suit against him.

The claim of Dr. W. L. Wilson of San Mateo for $100 for performing a surgical operation on an indigent at the county hospital was allowed for $50.

Casey called attention to an accident at the San Bruno railroad crossing recently in which several people were injured, and stated that several months ago the superintendents of both tne Southern Pacific and the United railroads had promised to install gates at the crossing, but had failed to keep their promise.

On motion of Blackburn, seconded by McEvoy, the clerk was directed to notify the superintendents of both roads to appear before the board at its next meeting and show cause why they had failed to provide the proper protection for the public.

The consideration of plans for the improvement of the courthouse grounds was laid over until the next meeting.

The claim of Peter Suverkrup for $200 for furnishing gravel to the Pope street bridge was rejected. It was explained by McEvoy that it was a charge against the contractor J. O. Williams, and not against the county. he balance of $320 due Williams was ordered paid.

Final Meeting Tomorrow.

Members of the general committee in charge of the arrangements for the annual picnic and excursion of the Odd Fellows of this district, which will be held next Tuesday, will hold their final meeting tomorrow afternoon for the purpose of reviewing the arrangements made, in order that nothing may be left undone for the comfort of their guests. Last Sunday the members of the committee visited Congress Springs for the purpose of looking over the grounds and seeing that no hitch had been made in their preparation. Everything about the place was found to be in first class condition for the occasion. A large number of new tables and benches have been put in place, so that there will be an abundance of accommodations for lunch parties, while the pavilion has been renewed and put in first class shape for dancing. Grounds for the sports have been prepared in a location easily accessible to the crowd and every facility provided for the carrying out of the program which has been arranged. Members of the committee are determined that there shall be ample transportation facilities, and to this end twenty cars have been secured so that all may be provided with seats. While the merchants have arrived at no special agreement, it is understood that a majority of the stores will be closed for the day, and the pupils of the public schools will be given a holiday. The train will leave this city Tuesday morning at 8:58, and returning will leave Congress Junction at 6:30, thus giving the entire day at the grounds.

Marriage Causes Trouble

The Call's account last Saturday of the marriage of J J Bullock to Mrs. Charlotte Van Der Naillen Kast at Santa Anna January 29th last was a great surprise to his many friends in the county. The young couple have since been residing at Mr. Bullock's Beresford home. Last Wednesday Mrs. May E. Bullock, the first wife of the district attorney filed a suit against him for support of his three children. She recites that she has been getting $75 per month fbut says this is not sufficient for their support. She asks for $150 per month for each of the children and attorney fees in the sum of $500. Mrs. Bullock recites in her complaint that Mr. Bullock is receiving an income of $500 a month from his law practice. Gould and Hogg are Mrs. Bullock's attorneys. They have enjoined Bullock from selling his property.

Assessor's Instructions

To Owners of Real Estate and Personal Property

The law requires each and every person who owns any class of property to annually, during the months of March, April or May, file a statement with the Assessor or his deputy in the county where the property is located. You should give a statement of all property owned by you on the first Monday in March at 12 o'clock m.

If you hold mortgages against others send in a mortgage statement showing amount due on each mortgage on the first Monday in March at 12 o'clock m.

No change can be made by the Assessor after he turns his books over to the Board of Supervisors on the first Monday in July. The Board then sets as a Board of Equalization during the month of July.

Remember, if you fail to give in your assessment you fail to comply with the law and may cause yourself, the Assessor and Tax Collector much trouble, and very likely cause yourself expense.

It is much more satisfactory to the Assessor, as well as to yourself, to have your assessment correct when you go to pay your taxes.

C. D. HAYWARD,
Assessor San Mateo County.

In the Superior Court of the State of California in and for the County of San Mateo.

Harry A. Roesler, plaintiff vs. John W. Needham, John Doe, Richard Roe and Peter Poe, defendants.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will take judgement for any damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Given under my hand and the seal of the Superior Court at the County of San Mateo, State of California, this 6th day of November A. D. 1909.
